Dear Valued Residential Electric Customer,

On behalf of our Wholesale Electricity Partner, Nebraska Public Power District, you have been randomly selected to participate in the 2022 Residential Appliance Survey. This is the eighteenth version of the Residential Appliance Saturation Survey dating back to 1980.

This survey will gather information regarding the major appliances you own, your household characteristics, energy efficiency programs, and new electric technologies.

Your survey feedback is very important to us. It will help us determine a path for future success as your electric utility provider, help us develop incentive programs that could help you save on new appliances, or reduce your electric bill.

The survey can be found at the following link:

[Residential Appliance Survey 2022 \(surveymonkey.com\)](https://www.surveymonkey.com/s/residential-appliance-survey-2022)

Your response will be anonymous and used confidentially in combination with the other responses we receive.

The survey will remain open until June 7, 2022.

Thank you,

Lexington Utilities System
